BRYAN, Texas (KBTX) - [Aggieland Pets with a Purpose](#) has been an organization for 22 years!

The non-profit volunteer organization, founded by Kit Darling, aims to enhance the physical, social, and emotional well-being of Brazos Valley residents with the unconditional love that pets offer.

The animals visit places throughout the community like schools, nursing homes and hospitals.

"Our animals bring joy to people in our community," said Darling.

Darling's dog Tempe is one of the pets you may encounter through the organization and she loves to do tricks!

"Some people just want to see the dog and not touch it and so having a dog that does tricks is nice," explained Darling.

Aggieland Pets with a Purpose meets quarterly.

The organization's upcoming meeting will be on Monday, Feb. 5 at 6:30 p.m. at First Methodist Church in Bryan and all are welcomed.
